ⁱ Department of Pathology and Laboratory Medicine, University of Calgary, Calgary, Alberta, Canada

The authors regret that the median PFS (22.6 months) and OS (39.4 months) times reported were incorrect. (pg 38 - Section 3.1).

The correct times using Kaplan Meier estimates are PFS - 26.6 months, and OS - 92.7 months respectively. The other survival data, tables, figures and analyses have been checked and are correct.

The authors would like to apologise for any inconvenience caused.
